Instructions for completion by applicant and

When completing this document it is important to make a positive statement showing how the organisation complies with any relevant part of RA02 - Part 145 (column 1) by indicating in column (2) the MOE or procedure reference, if any part is not relevant then N/A should be inserted in column (2). It should be stated in the comments column (3) why the part is not applicable. Column (3) should give details of method of compliance for applicable paragraphs. If additional information is required to demonstrate compliance please use the space below or attach an appropriately referenced continuation sheet.

Once completed please return this document to the MAA.

Column (4) RESULT is for MAA use only. The Repair station Requirement (RA02 - Part 145) should be consulted at all times when completing this compliance Checklist
